Dear Sirs:

This Agency is conducting a toxic-hazardous waste study in the State to determine the types of toxic wastes being used and methods of disposal of those wastes.

Our information indicates that your company has various types of wastes that could be considered toxic and/or hazardous.

Please provide this office with information regarding any and all possible toxic materials, the volume of each used, and the method of disposing of each - particularly the acetone residue. (Please include the complete chemical composition of that residue.)

Your cooperation in this matter will be greatly appreciated. If there are any questions, please let us know.

Yours very truly,

William M. King
Dist. Solid Waste Officer
